

**NPW Condemns Recent Violence Against AAPI Community
March 2021**

NPW condemns the recent acts of violence and discrimination against the Asian American and Pacific Islander (AAPI) community. These hateful, racist assaults are attacks on our humanity and endanger the safety of all. It is our responsibility to speak out against hate and xenophobia.

NPW continues to be committed to supporting organizations in the AAPI community, and to championing a more just and equal society.
